Green Music Center Cancels Summer at the Green 2020 Concert Series

(Sonoma County, CA) — Sonoma State University's Green Music Center announced today the cancellation of its Summer at the Green 2020 concert series. Executive Director Jacob Yarrow offered the following statement: "While we had planned one of our most exciting artist lineups ever, it is simply not possible to go forward in a manner that's safe and follows the directives of state and local health officials. We have shifted those performances to Summer 2021 and look forward to sharing them with you then. We are hopeful that you can join us later this year for our 2020–21 Season. While our world has changed drastically in the past couple months, we remain dedicated to supporting our communities and engaging with the most compelling artists of our time."

The Beach Boys concert originally scheduled for July 9 has been postponed and rescheduled for the summer of 2021, with an exact performance date to be announced. Ticket holders will be contacted with information about tickets and how to request refunds if needed.
