

Celebrating ten years of bringing compelling artists to Sonoma County and our North Bay Communities

"Our community built this spectacular facility and it has become an important asset for Sonoma State University and the people of Sonoma County. The Green Music Center not only hosts world-class performances, but is active every day with Sonoma State activities, programs for local students from elementary school through college, special community events, and more. Tens of thousands of students and local residents benefit from the Green every year."

- John Boland, Board Chair

578 performances

591,533 tickets

"One of the greatest sounding venues in the world."
- Chris Thile

"We love the variety of music and the acoustics are world class."

"I am so lucky to be associated with the Green Music Center and all the amazing work they do."
-Liz Lerman

3,004 individual donors

"I love the incredibly diverse and high quality of your featured artists from around the globe."

"The space is beautiful. We are so privileged to have such a wonderful venue that attracts such amazing talent. Thank you."
